

Neem

Description:

Neem is an oil of superior quality extracted from seeds of the Neem tree (*Azadirachta indica*). **Neem** is made with OMRI listed ingredients.

Packaging:

Concentrate formula.
Available in 10 litres.

Characteristics:

Neem :

- is a natural leaf shine for indoor plants (always test on a small portion of the area to be treated in order to evaluate the risk of phytotoxicity before treating the entire area).
- is in liquid state at room temperature.
- is compatible with most fertilizers, growth regulators and biopesticides (always check the physical compatibility using a jar test).

Instructions:

- Agitate before use
- Dilute 50 to 75 ml of **Neem** in 5 liters of water and mix well.
- Add 1/3 of the required amount of water to the sprayer tank. Transfer the solution into the sprayer tank and fill the water tank until desired volume.
- Use a minimum water volume of 5-10 L (1-2 gallon CAN) per 93 m² (1000 pi²)
(Do not store diluted solution for later use).
- Spray to cover completely the foliage.
- Apply every 7 to 14 days.

Storage:

Store in a cool place, away from direct sunlight.

Precautions:

Keep out of reach of children. Avoid contact with eyes, skin or clothing. Do not take internally. **May contain traces of nuts.**
