DIRECTIONS FOR USE:

Use freshly prepared spray solution each time.

DO NOT allow effluent or runoff from greenhouse containing this product to enter lakes, streams ponds or other waters.

INFLUENCE is a wettable powder formulation containing garlic as the active ingredient. INFLUENCE attacks fungi that cause powdery mildew on greenhouse cucumbers and tomatoes. INFLUENCE should be applied preventatively or at first signs of disease. Repeat applications and thorough coverage of foliage are required to maintain suppression of the disease.

APPLICATION INSTRUCTIONS:

Foliar application: Add the required amount of INFLUENCE in appropriate amount of clean water to ensure full coverage. It is recommended to fill the tank or sprayer with a certain amount of clean water before adding INFLUENCE to avoid settling. Agitate constantly to maintain suspension of the solution. Apply INFLUENCE as a foliar spray on greenhouse tomatoes and cucumbers to suppress powdery mildew. Apply at a rate of 6.9 kg/ha in a recommended dilution rate of 1000 L/ha. Subsequent applications may be made every 7-14 days if symptoms persist.

RATES OF APPLICATION:

Crop	Pest		Rate (kg/hectare)
Greenhouse Tomato	Powdery mildew	<i>Oidium neolycopersici</i>	6.9 kg/ha
Greenhouse Cucumber	Powdery mildew	<i>Podosphaera xanthii</i>	6.9 kg/ha

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN

May cause eye irritation.
 May cause skin irritation.
 May cause skin sensitization.

Avoid contact with skin, eyes or clothing. Avoid breathing dust and spray mists. Wear a long-sleeved shirt, long pants, water-proof gloves, shoes plus socks, and eye goggles when handling, mixing/loading or applying the product, and during all clean-up/repair activities. In addition, mixers and loaders must wear a dust/mist filtering respirator (dust mask) meeting a standard of at least N-95, R-95, P-95 or HE and

applicators using a power sprayer must wear a bayonet-style cartridge respirator (for particulates) equipped with at least an N-95, R-95, P-95 or HE filter.

DO NOT re-enter or allow entry into treated areas until the spray is dried.

May cause respiratory irritation.

The handling and loading of INFLUENCE, as well as the clean-up and maintenance activities should be performed in a well ventilated area.

Keep unprotected persons out of the treated areas for the duration of the treatment period.

FIRST AID:

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

STORAGE:

Store containers tightly closed, out of direct sunlight, at temperatures between 4° and 20 ° C. Cooler storage temperatures are preferred.

To prevent contamination store this product away from food and feed.

DISPOSAL

1. Triple- or pressure-rinse the empty container. Add the rinsing to the spray mixture in the tank.

2. Follow provincial instruction for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills .

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
